From the Principal

School overview

At Moranbah East State School, we provide our students with a range of learning experiences in a challenging world through an enriched curriculum and supportive environment. Our innovative and engaging curriculum is specifically tailored to meet the needs of each student and delivered with high expectations and engagement. This is achieved through an uncluttered curriculum designed to accommodate the learning rates and styles of students and embrace the need for flexible approaches to learning.

Our students are creative thinkers, active problem solvers and global participants. We place high expectations on student conduct and the development of social responsibility. We provide students with support and direction so that they can develop their social competence and self-confidence and achieve their full potential.

At Moranbah East we offer and excel in a variety of extra curriculum activities including Junior and Senior Choir, both of whom placed in the Central Highland Eisteddfod, Instrumental Music program and Concert Band and an Athletics program that sees a number of our students compete at State level. Each term selected teachers also run enrichment programs in the areas of The Arts, ICT and Robotics.

At Moranbah East we have a strong focus on literacy and numeracy. In every classroom, every day, there is an explicit focus on the teaching of reading, writing, spelling and number concepts. Every day every student works to the best of his or her ability, following our school motto of 'Achieve with Pride'.

Curriculum implementation

The P–12 curriculum, assessment and reporting framework specifies the curriculum, assessment and reporting requirements for all Queensland state schools' principals and staff delivering the curriculum from Prep to Year 12. Further information on school implementation of the framework is available at <https://education.qld.gov.au/curriculum/stages-of-schooling/p-12>.

Extra-curricular activities

Moranbah East State School provide a wide range of subjects and extra curricula activities such as sport, art, music and school camps. Our annual **year 6 Senior camp to Sydney and Canberra** is a wonderful educational tradition at our school along with our year 4 Fairbairn Dam camp and Year 5 Capricorn Caves camp.

Further information on extra-curricular activities can be found here <https://www.qld.gov.au/education/schools/information/programs>.

How information and communication technologies are used to assist learning

Information and communication technologies (ICT) are an important part of contemporary schooling. The Australian Curriculum includes ICTs as a general capability across all learning areas, as well as Digital Technologies as a specific learning area. Further information on models used by schools to assist learning is available at <https://education.qld.gov.au/parents-and-carers/school-information/student-ict-device-programs/one-to-one-models>.

Social climate

Overview

Each Queensland state school develops and enacts policies to support an integrated approach to behaviour, learning and teaching.

Our Student Code of Conduct is our school's behaviour policy, with information about school rules, consequences and processes for addressing bullying and the use of technology. A copy of this is available on our school website.

Further information is also available at <https://www.qld.gov.au/education/schools/health>.

Parent and community engagement

Our approach to engaging with parents and the community is aligned to the departments Parent and community engagement framework. The framework helps students, schools, parents and the community to work together to maximise student learning and wellbeing. Research shows parent and community engagement that is effectively focused on student learning can deliver powerful outcomes. Further information is available at

<https://education.qld.gov.au/parents-and-carers/community-engagement>

'Day for Daniel' and the 'new prep's expo' are two of the many ways our school demonstrate community engagement.

Respectful relationships education programs

Our school has implemented the Respectful relationships education program (RREP) as part of the broad multi-departmental Queensland Government approach to ending domestic and family violence.

The RREP is a Prep to Year 12 prevention program that focuses on influencing behavioural change to build a culture based on equality and respect in our students, staff, parents and wider community. Students are provided opportunities to explore social and emotional learning in self-awareness, self-management, social awareness, relationships, ethics, values, social norms, gender roles, stereotypes, human rights, risk and responsible decision-making. A growing body of evidence shows that social and emotional learning of this nature leads to:

- improved social and emotional skills, self-concept, bonding to school and classroom behaviour
- less disruptive classroom behaviour, aggression, bullying and delinquent acts
- reduced emotional distress such as depression, stress or social withdrawal.

Further information is available at <https://education.qld.gov.au/curriculum/stages-of-schooling/respectful-relationships>

In 2019, our students were actively involved learning about respectful relationships. The children learned about supporting others in need such as the 'Relay for Life' supporting cancer survivors campaign.

School disciplinary absences

Table 6: Count of incidents for students recommended for school disciplinary absences at this school

Type of school disciplinary absence	2017	2018	2019
Short suspensions – 1 to 10 days	9	19	7
Long suspensions – 11 to 20 days	0	0	0
Exclusions	0	0	0
Cancellations of enrolment	0	0	0

Note:

School disciplinary absences (SDAs) are absences enforced by a school for student conduct that is prejudicial to the good order and management of the school.

Environmental footprint

Reducing this school's environmental footprint

Environmental education has been a feature of Queensland schools for more than 30 years. In many schools it has been creatively and proactively incorporated into the curriculum in each phase of learning, and is also reflected in the school's facilities and in the actions of its principals, teachers and students.

Table 7: Environmental footprint indicators for this school

Utility category	2016–2017	2017–2018	2018–2019
Electricity (kWh)		168,554	254,645
Water (kL)		1,619	1,948

Note:

Consumption data is compiled from sources including ERM, Ergon, CS Energy reports and utilities data entered into OneSchool* by schools. The data provides an indication of the consumption trend in each of the utility categories which impact on this school's environmental footprint.

*OneSchool is the department's comprehensive software suite that schools use to run safe, secure, sustainable and consistent reporting and administrative processes.

School funding

Our school was well supported by our P&C in 2019. Our new prep playground was a real hit and who doesn't love a new reading book!

Qualification of all teachers

The Queensland College of Teachers (QCT) is responsible for ensuring that teaching in Queensland schools is performed by an appropriately qualified person, that has successfully completed either -

- (a) a four-year initial teacher education program including teacher education studies of at least one year (e.g. a Bachelor of Education, or a double Bachelor degree in Science and Teaching) or
- (b) a one-year graduate initial teacher education program following a degree (e.g. a one-year Graduate Diploma of Education (Secondary) after a three-year Bachelor degree) or
- (c) another course of teacher education that the QCT is reasonably satisfied is the equivalent of (a) or (b). These are considered on a case-by-case basis.

For more information, please refer to the following links

- https://cdn.qct.edu.au/pdf/Policy_Teacher_registration_eligibility_requirements
- <https://www.qct.edu.au/registration/qualifications>

Professional development

Teacher participation in professional development

Queensland state schools undertake 5 staff professional development days (25 hours) throughout the year:

- 2 days at the end of the summer holidays (fixed)
- 2 days during the Easter holidays (flexible)
- 1 day in the third last week of Term 3 (fixed) on the student free day.

Our teachers have participated in cohort leaders meetings during Covid-19 students learning at home and curriculum planning of the Australian Curriculum.

Our beginning teachers have a mentor which they work with collaboratively to develop their pedagogical practice and they have participated in beginning teacher professional development around classroom management and learning strategies.
